Working with volunteers?

Our Volunteer Centres are one-stop shops for volunteer recruitment.

We work with organisations from the public, private and voluntary/community sectors to link people with voluntary opportunities that match their interests.

Charities, community groups, social enterprises and other voluntary organisations can make use of our free service to advertise opportunities and recruit new volunteers.

Opportunities registered with us can be uploaded to the Do-it volunteering website at www.do-it.org

As well as recruiting volunteers, we offer advice and training on all aspects of managing and supporting volunteers.
